Let's Start!

The park rangers are there to help!

Learning Outcome

Relate information about health and healthy habits in communicative situations.

Ask your partner:

- Who do you call when you feel sick?
- When is it time to go to the doctor?
- To the hospital?

Can Do Statements

- I can describe health problems.
- I can express strong recommendations and suggestions.
- I can ask and talk about what people do and what people are doing.

Let's Explore!

What seems to be the problem?*

* This is a typical question the doctor asks in North America.

Instructions: Read the text aloud.

Ranger: What's the problem, Miss?
Vanessa: I hurt my ankle.
Ranger: Where is the pain?
Vanessa: My whole foot is throbbing!
Ranger: Please sit down. Put your leg up on this chair.
Vanessa: It really hurts just above the heel.
Ranger: Yes, it's a little swollen there.
Vanessa: Oh, what should I do?
Ranger: Don't worry. We should ice it and then wrap it tight.
Vanessa: Can I walk back?
Ranger: No. You must keep it elevated. You must also use a crutch to walk.
Vanessa: Oh, I'm not moving for a while.
Ranger: You should also take some medication to reduce the pain.
Vanessa: I'm taking it easy for sure.
Ranger: You must stay off your foot for a while.
Vanessa: How do I get back?
Ranger: We airlift patients.
Vanessa: Sally! We're taking a helicopter!
Sally: Just don't look down!

Let's Practice!

Vanessa tells the Ranger about her ankle!

Instructions: Complete the sentences. Write the missing phrases. Use: a little swollen, above the heel, What's the problem, the pain, I hurt.

Ranger: _____, Miss?

Vanessa: _____ my ankle.

Target Words

- **to throb** (verb): pain with strong regular beat
e.g. I hit my thumb, and it's now throbbing.
- **heel** (noun): the part of the foot at the back
e.g. My right heel hurts when I step down.
- **tight** (adjective): pulled and kept together firmly
e.g. These shoes are too tight, so I need a bigger size.
- **to wrap** (verb): to cover
e.g. He wrapped my ankle so I could walk.
- **crutch** (noun): a wooden support to help someone walk
e.g. I broke my leg. I walk with a crutch.
- **elevated** (adjective): a position up off the ground
e.g. The doctor kept my foot elevated so it didn't hurt.
- **to reduce** (verb): to bring down the amount or size
e.g. Put ice on your knee to reduce the swelling.

Learning Points

The Simple Present vs. the Present Continuous Tense

You use the Present Continuous tense to talk about actions that are happening now.
You use the Simple Present tense to talk about habits, routines and things that are generally true.

Simple Present	Present Continuous
<i>I usually walk to work.</i> <i>I often have coffee after lunch.</i> <i>It really hurts.</i> <i>How do I get back?</i>	<i>Today, I'm taking the bus.</i> <i>I'm having tea this afternoon.</i> <i>My foot is throbbing.</i> <i>I am not moving for a while!</i>

Modals Must and Should

You use *must* to talk about things that are necessary or that you have an obligation to do.

You use *should* to give advice. There is no obligation. It is only a suggestion.

You can also use *should* for suggestions and recommendations.

Must	Should
<i>You must stop at a red light.</i> <i>I must ask my father before I take his car.</i> <i>You must keep your foot elevated.</i>	<i>You should take a day off.</i> <i>I should try that new restaurant.</i> <i>We should go to bed early tonight.</i>
